Dear Camper,

I'm so sorry we had to cancel our summer program at Camp Emmaus. We were all looking forward to gathering around the camp fire, playing camp games, exploring camp with new and old friends, and growing in our faith. Although we can't have camp like we know it this summer, Pathways will be connecting you to camp with new social media content. We are also taking this time to transform camp to make next summer's experience the best it can be! We will keep you in our thoughts and prayers this summer. God Bless you!
