

Camp Emmaus

Camp Minne-wa-kan

We know 2020 has been a year of changes and challenges, so Pathways wants to share a connection to camp and offer resources that your congregation can plug into. We have videos that you can share with your upcoming Sunday school classes, confirmation classes, and use during your worships. There are children's messages, worship videos, and bible study for your use. Our entire collection of camp songs are available for you to teach your groups with classic camp music and actions. We also have how to camp crafts, nature walks, and many other lessons. Click the link so we can share these resources with you. <https://pathwaysbiblecamps.org/worship-resources/>
